

CCPK Youth Ministry
Mission and Vision

Purpose/Vision - CCPK Youth Ministry exists to be a safe, loving, and welcoming community where youth and families experience and participate in the rest, renewal, and restoration of the gospel while learning how to live out the gospel in their lives.

A Safe, Welcoming, and Loving Community

Students can be themselves, and their voices can be heard.
Students are free to ask difficult questions and struggle with real issues of their faith.
Students genuinely enjoy themselves.
Students want to attend and bring their friends.
Accessible to un-churched and de-churched kids.
Non-CCPK Youth are regularly participating and growing closer to belonging.
Students are building relationships with their peers and adults who are willing to invest in them.

A Ministry for Youth and Families

A ministry that equips students and equips parents to disciple their children.
We believe parents are the primary disciplers of their children. Our discipleship is in collaboration with students' families.
The discipleship of students is connected with the discipleship of parents.
We long to see families flourishing.

A Place Where People Experience the Rest, Renewal, and Restoration of the Gospel

We are defined by who we are in Christ.
Jesus, his work, and his Word are at the center of everything we do.
We seek to nurture an environment where confession, repentance, and assurance of the gospel can be regularly experienced.
To know and experience God at a personal level. (Seeing him at work in my life.)
Grace is taught, given, and experienced.

Living Out the Gospel In Their Lives

Students' are growing in humility and compassion
Students' faith is becoming their own.
Prepare students for college and for a lifelong journey of faith.
The gospel challenges students to grapple with the truth that what they do and how they live matters.
The gospel moves students beyond self-focus to love for God and neighbor and to service in their community and in the world.
